

MAHAK SHARMA

New York, NY | Tel: +1 (408) 314-1895 | Email: mc2976@cornell.edu | [Linkedln](#)

PROFESSIONAL SUMMARY

Strategy professional with 4+ years building strategic programs from zero, driving cross-functional execution at the executive level, and delivering measurable outcomes across digital channels and enterprise SaaS. Experienced translating customer pain points into structured programs with clear ROI from scoping and business case development through launch and adoption. Comfortable owning ambiguous problems with a bias toward action and outcomes.

PROFESSIONAL EXPERIENCE

KENNAR HEALTH

Intern, Strategy & Business Development

New York, NY

Feb 2026 – Current

- Built strategic market entry program from the ground up; identified priority seller and customer segments, designed tiered pricing model, and developed execution plan that directly enabled a \$100K ARR deal
- Translated customer pain points and competitive research into structured program recommendations, building the business case and positioning strategy across 3 distinct customer segments
- Developed data-driven business case quantifying cost-to-serve, revenue potential, and competitive differentiation — translating analysis into concise strategic recommendations for leadership decision-making

HSBC BANK

Product Delivery Manager, Digital Customer Channel

Bangalore, India

Apr 2023 – Apr 2025

- Defined product roadmap and operating model for HSBC India's digital channel transformation across technology, operations, and compliance, empowering teams to self-serve and automating ~40% of inbound queries, reducing cost-to-serve by \$3.6M
- Led AI adoption planning and change enablement for UK's first Generative AI feature, developing field enablement assets that translated AI capabilities into clear customer value, accelerating rollout timelines by 50%
- Partnered with Product Owners and Scrum Masters to drive cross-domain collaboration, resolving complex dependencies and delivery gaps, increasing planned work completion rate by 30% per quarter
- Acted as program lead across 4 workstreams, coordinating engineering, compliance, and operations to hit milestones across web, mobile chat, chatbot, and click-to-call channels, built 30+ JIRA dashboards saving 100+ man-hours/week
- Presented to C-suite and senior leadership to secure buy-in for a Workforce Management tool, synthesizing current-state analysis, pain points, and opportunity sizing into a structured business case quantifying ~\$5M in projected annual savings

MERCER METTL

Senior Associate, Program Operations

Gurgaon, India

Jul 2019 – May 2021

- Led solutioning and delivery for 15+ enterprise accounts (~\$2M portfolio), translating complex client requirements into scalable platform configurations, managing stakeholder relationships across multiple levels, and owning program health end to end
- Designed and delivered end-to-end SaaS implementation solutions across APAC, configuring client-specific workflows, integrating fraud detection capabilities, and reducing post-deployment support volume by 25%
- Led pre-sales solutioning for 5 enterprise accounts (each with \$500K+ revenue potential), translating ambiguous client requirements into tailored product configurations and solution demos that accelerated time-to-go-live and enabled deal closure
- Partnered with enterprise clients to translate platform data and assessment analytics into actionable business insights, driving solution adoption across 3 accounts and generating \$20K in expansion revenue
